

Network of Volunteer Nonprofits Serving Seniors

Nine dynamic nonprofits across Maricopa County promote aging in place by pairing caring volunteers with “neighbors” who need a bit of help. Grocery shopping, transportation, friendly visits and other supportive services make it possible for elders and adults with disabilities (“neighbors”) to live in their own homes. Volunteers benefit by gaining friendship and wisdom from neighbors and by being part of a vital cause. Over 200,000 hours of service and 40,000+ rides were provided in 2015 alone.
